

# MSO Rules and Disclaimers

© 2009 Don Knight

1. MSO is a non-profit organization. Any surplus of funds must either be applied to future MSO activities, or returned to the source. MSO is free to members, with no strings attached. Your costs are usually buying food and entertainment directly from establishments. We prefer to not handle money at all: Members buy their own movie tickets. MSO does not have a financial stake in any of the vendors we use.
2. We are not separate from politics and religion, but MSO does not advocate any particular following, and we do not want our conversations among ourselves to become divisive.
3. Members must be age 21 or older. Family, kids, and friends of members are welcome at age-appropriate events, such as picnics and fishing trips.
4. Members are required to be unmarried. Unmarried means widowed, divorced, separated, or never married. Most people are welcome as guests, if not members. Committed couples and marrieds are welcome at MSO events, just don't mislead others regarding availability for relationships.
5. MSO is primarily for the residential area from Crestline to Lake Arrowhead, Running Springs, and points between. We are the only local singles organization. Singles who live outside the area, and are willing to make the effort to get here, are welcome.
6. MSO, its members, contributors, and volunteer organizers assume no liability arising from your participation in any of the MSO activities. You fully assume your own liability. Your participation in any MSO event signifies you are fully capable of doing so without risk to yourself or others.
7. There is no warranty of any kind offered by MSO and its members. We are not a match-making service. We cannot repair past relationships. Volunteer organizers are not expected to reimburse participant expenses for an event that turned out poorly. There is no representation of professional accreditation for counseling.
8. MSO is not responsible for actions of members beyond its ability to control them.
9. We all agree to abide by area, state, and federal laws and covenants. You may not carry illegal items or substances at MSO functions, or engage in illegal activity.
10. Be careful regarding the privacy of members' information. We occasionally reveal contact information for event organizers and hosts. We do not distribute a list of members with their contact information, nor do we post biographies. You are free to trade phone numbers among yourselves.
11. Members who don't need rules are welcome. Your public comport is to be consistent with expectations of the local community. When on someone else's property, you are a guest, and are subject to house rules. Decorum and respect for others is required.
12. MSO reserves the right to refuse or revoke membership, entirely at its own discretion, and without stating reasons.
